

Summer School on Today's Engineering in Multicultural Settings

Supported by DAAD's "Go East" Program
Hosted by Azerbaijan Technical University (AzTU)

Dates: September 2nd, 2024 - September 14th, 2024

Join us for an immersive international summer school experience at Azerbaijan Technical University in Baku, Azerbaijan! Designed for **engineering students** eager to **design, develop, and deploy** in **multicultural settings**, this program offers a unique opportunity to **collaborate, innovate, grow** and **discover**.

Open to students in the field of **mechanical engineering, material science/metallurgy, process automation, electrical engineering, industrial information technologies** and related subjects.

Key Features:

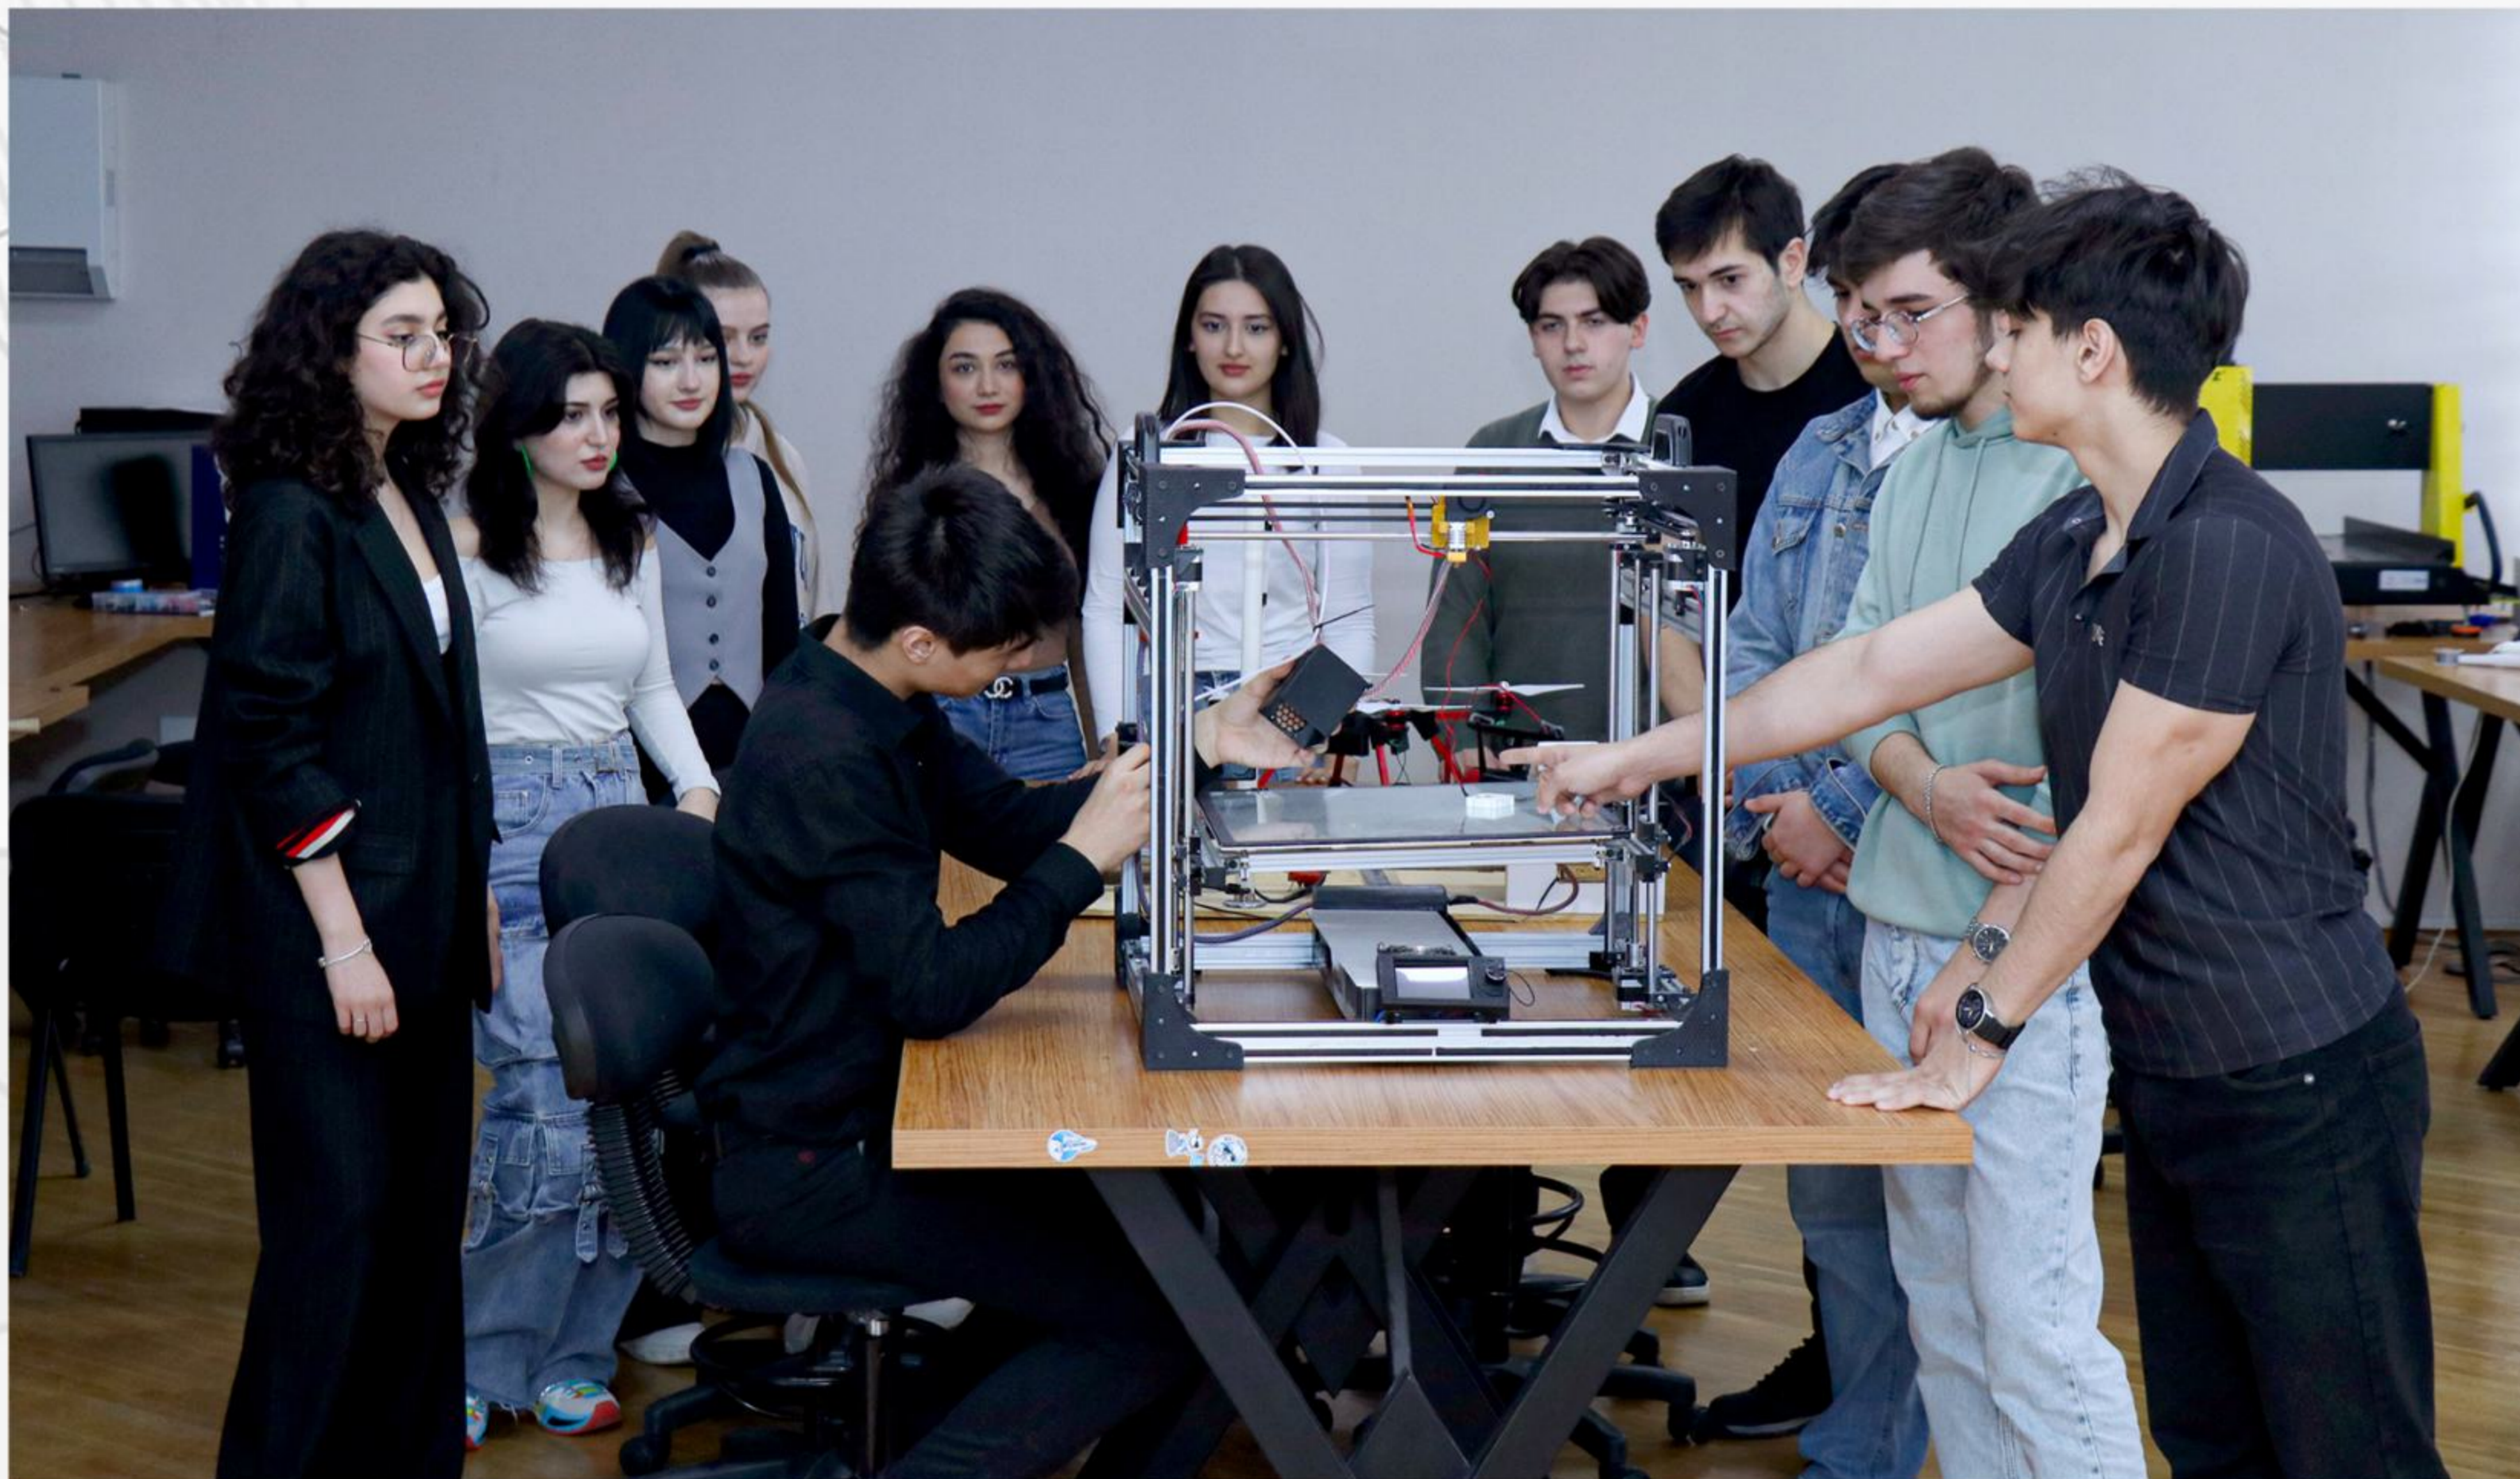

- Work on your own ideas in intercultural teams (modern lab with state-of-the-art-3D-printer, academic mentors)
- Gain practical knowledge and multidisciplinary skills
- Participate in study tours and cultural events
- Enhance readiness for industrial settings in a globalized world

Why to Attend?

- Interactive activities in a dynamic learning environment
- Holistic approach to solutions aligning technical, managerial, and cultural competencies
- Emphasis on adaptability, intercultural communication, and global perspectives

Don't miss out on this opportunity to expand your horizons and prepare for success in today's professional landscape!

Deadline for application: 14 June 2024

Limited spots available.
